JUDGE EBB WILLIS DIES AT CAIRO, GA.; NATIVE OF ELBA

Judge Ebb F. Willis, Ordinary of Grady County, Ga., died at his home in Cairo on Tuesday, October 16, following a heart attack, according to news received here several days ago. Countless friends throughout this section were saddened at the news.

Judge Willis, a native of Elba, had been a resident of Cairo for about 17 years, and until his election as Ordinary was connected with the Cairo Messenger, weekly paper. For a number of years he was employed by The Clipper and had other business connections here before moving to Georgia. Survivors include his wife and two sons, of Cairo, and a sister, Mrs. Jim Parker, of Elba.

THREE SONS RETURN

Lt. Thomas Wayne Britt, son of Mr. and Mrs. C. G. Britt, of Curtis, arrived in the States Oct. 8 from the European theater. He served with the 19th F. A. Division and was in combat ten months and won five battle stars. He entered France 14 days after D-Day. After a few days' visit with his parents, he left for Atlanta, Ga., where he entered Georgia School of Technology on Octover 26.

Roger P. Britt, another son of Mr. and Mrs. Britt, has returned from Fort McPherson, Ga., with his discharge. The parents are happy to have three of their sons back in the States. One more to return.

To the People of this Community

Some day in the next few weeks a volunteer salesman will ask you to buy more bonds. You may be tempted to answer: "The war's over, haven't you heard? Would you care to give that reply to any one of the 300,000 young Americans now fighting for health in military hospitals from coast to coast? Would you care to walk a patrol in Tokyo or Berlin with a GI and tell him "the war's over?"

Of course, the bloody fighting is over. Your job in helping to clean up the money cost is the easiest patriotic chore any country ever asked of its citizens; loan of more dollars to be repaid at good interest in 10 years. Compare that job with the chore you have handed to your own son or neighbor's son to spend countless days in strange lands to nail down the victory.

Think you can afford to say no to the Victory Loan salesman? Have a talk with your conscience this very moment. Be ready for your Victory Loan salesman in spirit as well as in pocketbook.

Farm News
BY COFFEE COUNTY EXTENSION SERVICE

PLANT LEGUMES NOW

By J. R. Speed, Co. Agt.

A farmer out in his field or his neighbor's field, picking peanuts should see the need and realize how loose and naked that field is and how exposed the soil will be to the coming winter rains and wind. Seeing this, he can't help but realize the necessity of planting a cover crop on all peanut land, and on all other land which is exposed to winter weather.

Blue lupine and Austrian winter peas are recommended as legumes to plant as a cover crop on peanut land. However, if you are unable to secure these legumes—plant oats which will cover and protect your land and furnish valuable grazing through the winter and early spring. Fertilizer recommendations for the above are 400 to 600 pounds of basic slag or 300 to 400 pounds of superphosphate per acre.

DR. JOHNS ADDRESSES COFFEE TEACHERS AT NEW BROCKTON

Dr. R. L. Johns of the State Department of Education was the main speaker at the teachers' meeting at New Brockton on Thursday afternoon, Oct. 15. Supt. A. C. Dunaway, in his introduction of the speaker, stated that Dr. Johns had only the day before reported for work in the State Department, having recently returned from Europe, where he helped to reestablish the schools in the conquered and repossessed countries.

"The American soldier is the idol of the world," said Dr. Johns. "He is the best soldier in the world—a king compared to the others," he continued. He has a fine personality, possessing initiative, generosity and gayety. This is in sharp contrast to the European soldier even when highly trained is lacking in the personality traits which make the American beloved by all." Dr. Johns gives the credit for this development to the American school system and teacher.

Following his address, Miss Eunora Farris, Supervisor, announced the group meeting and charged the teachers with planning balanced classroom programs supplying the children with the experience and training essential in developing well-rounded personalities. Those in charge of these groups were:

First grade, Mrs. Voncille Nelson; second grade, Mrs. Hazel G. Lee; third grade, Miss Jessie Lee; fourth grade, Mrs. Doris Pinckard; fifth grade, Miss Lillian Morris; sixth grade, Miss Mollie Belle Sawyer; Jr. high teachers, Mrs. Ola Kendrick; Sr. high teachers, Mrs. R. L. Bates; principals, H. B. Larkins; vocational teachers, W. H. Harrison.

The Junior Red Cross program in the schools was presented by Miss Hause, Director of Regional Junior Red Cross; Mrs. Onnie Mae Ellis, Secretary East Coffee Chapter, and Mrs. Gussie Hutchison, Secretary of West Coffee Chapter, who announced their visits to the schools in the interest of the program.

Dr. Garland Weidner, County Health Officer, talked on preventive measures against diseases and explained his health education program. He also presented a motion picture stressing the early diagnosis of cancer.

Mr. H. R. Collins, president of the Coffee County Teachers' Association, announced the following committee chairmen: Frank Harper, legislation; Mrs. Mae M. Weeks, ethics; J. S. Willoughby, public relations; Mrs. Sara Tillman, spiritual and moral values; Mrs. Mildrer Cox, professional relations; Mrs. Lucile B. Jones, teacher welfare; Mr. and Mrs. B. A. Johnson, social.

The State Convention of the Alabama Farm Bureau Federation is being held in Biloxi, Miss., beginning Tuesday night, Oct. 30, and running through Nov. 1. Suggested plans were made and given to a committee to analyze and complete in preparing for the membership drive. The beat chairmen will meet Thursday, Nov. 8, to receive material for the drive. Other members who wish may attend.

Mr. Charlie Dozier gave a report on the National Peanut Conference held in Washington at the meeting on Monday, Oct. 15. He represented Coffee County farmers at this meeting. The 1946 acreage and price support program was discussed.

THE CHURCH AS A FELLOWSHIP

LESSON TEXT—Romans 12:3-18.
GOLDEN TEXT—Be kindly affectioned one to another . . . in honor preferring one another.—Romans 12:10.

The greatest and most important institution in the world is the Church. The home, which we have been studying in recent weeks, is the primary unit of society, but its relationships are primarily of a personal nature. In the church there is an organized fellowship within a God-made institution, the living organism through which the Lord brings such blessing to the world—the Church.

Here, in God's house, among God's people, the believer finds strength and joy. The Lord's people are:

I. Different Yet United (vv. 3-8).

God is not interested in uniformity, but He does want unity. In the Church are all types of gifts and personalities, each one useful to God. He does not want them all reduced to that drab uniformity which characterizes so many man-made products.

Prophecy, ministry, teaching, giving, ruling — yes, all the various works to which God calls men should be done diligently for His glory. No man is to think of himself as more or less useful to God. His work is different, but it is God's work, and when all serve as they should there is unity and efficiency in the accomplishing of His blessed purpose.

The unity of believers in Christ (v. 5) is something which needs emphasis in our day. The forces of Protestantism are so divided as to be largely ineffective in many important fields.

Not only are they divided but there are almost endless divisions within denominations — yes, and even in local churches. Sometimes there are issues which cannot be met except by separation, but there are also many unnecessary divisions, dishonoring to God and weakening to the Church.

Let's remember we can be different (God wants us to be!) but we can still be united! God wants that, too!

II. Active Yet Kind (vv. 9-11).

God puts no premium on laziness or indifference. We are not to be "slothful," but "fervent" in spirit. Sometimes one feels that the Church has gone sound asleep. It is alive but inactive. It professes to have a zeal for God, but if there is any fervency of spirit, in most places it must be well hidden. But that is not possible, is it?

How much we need a stirring revival in the Church to bring the people of God into active service for Him. If your church as a whole does not respond to the Lord's Word, why do you not as an individual ask God to rekindle His fire in your heart?

There is to be a humility (v. 10), a fine cleanness of thought and life (v. 9), an unfeigned love for the brethren (v. 9), along with all the fervency of spirit and zeal for service.

There is much talk of uniting Christendom and no little danger of compromise for the sake of an outward unity. Such schemes are destined to failure, but unity in Christ, which recognizes Him as the divine Head of the Church, that we do desperately need and should seek for His glory, for the good of the Church and for the blessing of a world lost in sin and strife.

III. Troubled Yet Peaceful (vv. 12-18).

The Church of Christ is in the world to witness for and to serve Him. Hence, it must face all the persecutions and trials which an unbelieving world will bring upon it. Christians are not exempt from the troubles and sorrows common to all mankind.

Therein we find one of the great opportunities for effective witness, for as the Christian and the Church rightly meet such difficulties, they testify to the grace of God which can give peace in one's heart in the midst of turmoil and distress.

Read the verses. Persecuted, but not embittered thereby; weeping but also rejoicing; meeting evil with good and crookedness with honesty; meeting pride with humility and division with unity; yes, living at peace (as far as it is possible) in a belligerent world.

There is something essentially fine and noble and inspiring about the Christian Church wherever and whenever it lives up to the Lord's purpose for it and its members. There is something dismal and discouraging about the Church when it fails the Lord and His mighty cause.

Some feel that the Church is in just such a state of failure and impotence in our day. If it is true of your church, why not pray and work for a revival which will sweep all the deadness out and bring in a new refreshing breath of power from the very throne of God? Do it now!

ANYONE who buys their friends usually pays a high price for them.

The South Can Produce

INFORMATIVE and more than a little heartening are the figures disclosed by T. M. Healy on the wartime carloadings of freight in the Southeast. Mr. Healy, district manager of the car service division of the Association of American Railroads, told the Southeast Shippers' Advisory Board here that "During the past few years industry and transportation in the Southeast, through co-operative energy, have successfully penetrated an entirely new era and fulfilled all assignments."

The figures cited by Mr. Healy speak themselves the achievement of the region, but they do more than that. They point to an industrial direction which the Southeast may find it economically feasible to continue along.

For example, the loading of canned goods in the Southeast in 1939 was only 8,386 cars. But the needs of fighting forces and others forced the region to demonstrate that it could increase production of canned goods sharply. By 1944, expansion of that industry in the Southeast brought the total loadings to 23,303 cars, and last year they rose to 44,295. Canning could prove a highly profitable field for Georgia if farmers would attempt to grow products properly for that purpose.

The pulp and paper industry has made strides in seven-league boots in recent years. There is no reason why it should not continue to do so.

Loadings of pulp, paper and products averaged 93,831 cars a year in the Southeast during the four war years; in 1939, the loadings totaled only 77,390.

Carloadings of grain and grain products in the region rose from 56,029 cars in 1939 to 81,184 in 1944.

The Southeast has evidenced eloquently its ability to produce. * * *

And lest it be overlooked, let us also give due credit to the railroads of the region for an outstanding wartime performance in the face of many handicaps. The railroads, too, have learned that they can turn out better than a fair to middling job.

The Coffee County Council of Home Demonstration Clubs sponsored its annual Achievement Day program on Saturday, Oct. 27, at the Elba courthouse. Eighteen home demonstration clubs were represented with a total attendance of 67. Mrs. Mabel Fleming, president of the council, presided at the meeting.

The program was as follows: Song, "Faith Of Our Fathers"; devotional, Mrs. C. A. Johnson, Calvary Club; roll call by clubs: each club president told of outstanding work done by her club; minutes; business; song, "A Song Of The Open Country"; introduction of Mr. J. R. Exhibit of sack articles, handbags, spreads, curtains, etc., was most interesting. Mrs. W. P. Windham, Zion Chapel club, reported the largest number of articles made from sacks, 34 in all.

Mrs. Tayla Wise, Rhoades club, gave a skit, "Making the Clothesline Reach," which was thoroughly enjoyed. Little Miss Shirley Windham, granddaughter of Mrs. W. P. Windham, rendered several selections on her accordion. Nell and Mary Hunter Sanders, Peggy and Nellie Wayne Carr gave a musical selection, "Little Boy Blue."

The following officers were installed for another two years: President, Mrs. Robert Wise, Rhoades; 1st vice president, Mrs. W. P. Windham, Zion Chapel; 2nd vice president, Mrs. Gordy Clark, Pine Level; secretary, Mrs. Will Armor, Key Line; reporter, Mrs. J. D. Rodgers, Wilks; parliamentarian, Mrs. C. F. Meacham, Basin.

VICTORY BOND DRIVE WORKERS MEET AT NEW BROCKTON

The agricultural workers of Coffee County met at New Brockton October 29 to launch the last drive, the Victory Loan Drive. Their slogan is "Every Beat Over." In order to do this, we need cooperation from every rural family. The war is over, it is true, but we have a lot to be done, and let's do it willingly and cheerfully.

The Alabama minute man states that the four primary objectives in the Victory Loan drive will be: Bring the boys back home; get those in the hospital well and rehabilitated; prevent inflation by turning surplus money into Victory Bonds, and maintain Alabama's great record.

"They finished their job —let's finish ours."

C. E. Peacock,
Agricultural Chairman of Coffee County.

ELBA BOYS' CALVES WIN TOP PRIZES IN SALE IN OPP

On July, 6, 1945, twenty-six members of Elba Chapter Future Farmers of America purchased 45 head of feeder calves. These calves were bought by the boys under the direction of E. P. Gieger, teacher of vocational agriculture and local FFA adviser, to learn how to market home-grown feeds through livestock. Not only would it be possible to market feed but it would be possible for them to learn more about the value of good livestock in the farming program. Each member would, through his effort, show farmers in his community the value of feeding a better quality of livestock and so help to improve the type of livestock in the county.

On Wednesday, Oct. 24, three of these calves were selected and entered in the opening sale at Opp. Knowing that the opening sale would draw cattle from many counties, the cattle were selected according to growth and finish they had attained. After due consideration, calves were entered by Max Boutwell, Joe Meacham and Herbert Parker. These calves competed against some thirty-five good feeder calves and more than 500 other cattle.

After due consideration by the judges, the Elba calves were placed as follows: Max Boutwell's calf won drst place; Joe Meacham's calf won 2nd place, and Herbert Parker's calf won 4th place. All of these calves were put on feed at the same time and during the time they were fed they made gains of 2.3 pounds per day. The first prize calf gained from 427 to 660 pounds and sold for 31 cents per pound; he also received $50.00 first prize. The second prize calf gained from 447 pounds to 665 pounds and sold for 33.75 per pound and received $30.00 prize money. The fourth pride calf gained from 452 to 655 pounds and sold for 26 cents per pound and received a $5.00 prize. These boys had a net profit of from $48.92 to $112.00, including the prize money.

Each of these boys has from one to two more calves that he is continuing to feed and will enter in the feeder calf show at Dothan April 9, 1946.

BRONZE STAR MEDAL PRESENTED TO MR. AND MRS. JOHN GALLIMORE

In an impressive ceremony, Tuesday morning, at the home of Dr. and Mrs. W. R. Crook, Chaplain Major Rufus Higginbotham, of Camp Rucker, presented the Bronze Star Medal to Mr. and Mrs. John Henry Gallimore, of Pine Level community, in honor of their son, Pfc. Weldon Gallimore, who was killed in action in Italy on November 3, 1944, at the age of 22 years.

Chaplain read the citation from Pfc. Gallimore's commanding officer, stating that although he was a jeep drifer and was not compelled to do so, Pfc. Gallimore often volunteered for foot patrol service, doing more than his duty, in order to help win victory and peace. The citation was published in The Clipper several weeks ago.
